

## SOLDIERS ARRIVE AT SAN FRANCISCO

### Hospital Ship Relief From Manila

HAS FOUR HUNDRED SICK AND WOUNDED.

Many Are in a Serious Condition—

Pennsylvania Regiment Also Comes—Col. Hawkins Dies at Sea—Natural Feeling of Rejoicing Among the Men Saddened by the Death of Their Commander—Official List of the Casualties Sustained.

San Francisco, Aug. 2.—[Special] The hospital ship Relief arrived from Manila this morning. She has about four hundred sick and wounded soldiers aboard, many of whom are in a serious condition.

Engagement With Rebels At Cebu.

Manila, Aug. 2.—[Special]—Advices from Cebu say there was fighting between the Americans and insurgents on that island last week.

The American troops attacked the insurgents in their trenches near El Pardo and assisted by the Charleston, routed the enemy. The American loss was small.

San Francisco, Cal., Aug. 2.—California's metropolis is enjoying a patriotic love-feast which will probably not have its climax until the last regiment of volunteers from the Philippines has been given a genuine California welcome home. People wondered at the heartiness of the reception tendered the Oregon regiments, but it paled in comparison with that given the boys from Nebraska. The transport Senator arrived Tuesday with the Tenth Pennsylvania.

Skippers of all nations in the bay ran up their flags and bunting when the signal of arrival was given, so when the Pennsylvanians entered the harbor just before dark they were given an inkling of the greeting that awaits them on shore. As the transport came sailing through the Golden Gate hundreds of whistles throughout the city shrieked a welcome home, and these were echoed by every steam craft in the bay.

Notwithstanding the lateness of the hour, quite a fleet of government tugs and excursion boats, all gayly decorated, went out to meet the incoming transport. It came in with flag flying at half-mast, and the men stood silent in response to the evidence of hearty greetings on every hand. As soon as a government boat was in hailing distance it was learned that Col. Hawkins, commander of the regiment, had died of cancer of the bowels just before midnight on July 13, three days out of Nagasaki. The body was embalmed and was lying in state on the deck of the Senator when it dropped anchor in port.

On board the transport were 721 men and 84 officers of the Tenth Pennsylvania regiment, in command of Lieut. Col. James E. Barnett; one Utah private, Lieut. Weigel of the First Washington volunteers, Lieut. Merriam, son of Gen. Merriam, and Capt. Dyer of the Sixth artillery.

Like the Oregon and Nebraska boys, the Pennsylvanians are rejoiced to reach their native land once more, but the coming is saddened by the death of Col. Hawkins, who was the idol of his regiment. He had been ailing for a month before the regiment left Manila.

When the Tenth Pennsylvania left San Francisco for the Philippines last year the muster comprised 850 men. Twenty-four were killed in battle or died in the Manila hospital, and the rest of the sick and wounded, to the number of seven, are on the hospital ship Relief, which will probably arrive here within the next few days.

HAS A FIERCE FIGHT AT CALAMBA.

Seven Soldiers Killed and Twenty Wounded Before the Victory.

Manila, Aug. 2.—Sunday's fight at Calamba was a warm one. The insurgents were unwilling to abandon the place, which is the key to the lake road. Gen. Hall, hearing that Gen. Walbar was preparing to make an attack, sent Major Weisenberger with three companies of the Twenty-first infantry, three troops of cavalry, and one of Hamilton's guns to attack the insurgents. The detachment found a force of 1,000 rebels behind hastily made intrenchments. The rebels held their fire until the contingent of the Twenty-first regiment was within 300 yards, when they fired a volley. The Americans dropped in the high grass out of sight and returned the fire.

Lieut. Love, who was walking erect along the front of the men, was shot in the arm. An insurgent officer, equally brave, stood at the top of the trenches, directing the fire of the insurgents until he was killed, when the Philippines fled.

The total American loss at Calamba was seven killed and twenty wounded. Sixteen dead insurgents have been

found. The American garrison at Morong is going to Calamba.

Transport Arrives at Manila.

Washington, Aug. 1.—Under date of Tuesday Gen. Otis cables the following from Manila to the war department: "Transport Pennsylvania arrived this morning; no casualties."

According to advices received today by the war department from Gen. Otis a good many of the northwestern volunteers have re-enlisted in the new regiments being organized in skeleton in the Philippines.

More Men for Army.

Washington, Aug. 2.—The number of enlistments Monday was 582, making a total of 8,208 for the new Philippine regiments. This leaves 4,832 yet to raise.

## MARRIAGE AT BELOIT

Martha R. Bill and Albert W. Whitney Happily United This Afternoon.

Beloit, Wis., August 2.—[Special]—At the pleasant home of Mr. and Mrs. E. W. Bill, 719 Milwaukee Road, at 4 o'clock this afternoon occurred the marriage of their popular daughter, Martha R. Bill, to Albert W. Whitney, son of E. M. Whitney, professor of English in Beloit College. The ceremony was performed by the groom's father, Prof. H. M. Whitney, assisted by Rev. Geo. R. Leavitt, pastor of the First Congregational church. The bride was attended by her handsome sister, Miss Katherine, who acted as bridesmaid and J. Dwight Whitney, brother of the groom and a student of Yale College, acted as best man. The spacious home was beautifully decorated with white and gold wild flowers and was a charming sight. Miss Bill is the oldest daughter of Mr. and Mrs. E. W. Bill and is prominent in Beloit society, and has won a host of friends by her charming ways. Mr. Whitney is the oldest son of Prof. and Mrs. H. M. Whitney and was a popular college man. He is also a graduate of Yale College. After the ceremony a reception was tendered the relatives and a limited number of friends. The newly wedded pair left for Berkeley, California, at 7 o'clock over the Northwestern road, where Mr. Whitney holds a position as instructor in mathematics in the state university there. The best wishes of a countless number of friends follow Mr. and Mrs. Whitney to their new home.

## DISMISSAL OF TROOPS

Cleveland Remains Quiet—Company Run Empty Cars—Strikers Supported by Union.

Cleveland, Aug. 2.—[Special]—The city still remains quiet. The dismissal of troops is being gradually effected. The strike has settled down to a sort of a siege.

The company is running empty cars, while the strikers are being supported by the union. The boycott is effective and a few dare brave it.

## QUIET AT SAN DOMINGO

Gunboat Machias Has Arrived at That Port—New Orleans Will Reach There Tomorrow.

Washington, Aug. 2.—[Special]—The gunboat Machias has arrived at San Domingo. Commander Logan, in making the announcement makes no other comment and the official presumption is that all is quiet and orderly. The cruiser New Orleans will arrive there tomorrow.

## SENATOR YET MISSING

"Beveridge is All Right" Story Seems to Have Been Wrong—Whereabouts Unknown.

Washington, Aug. 2.—[Special]—The telegraphed report from the consul at Nagasaki, Japan, which was made public yesterday, saying "Beveridge is all right" was received at the state department more than a week ago. His present whereabouts are still unknown and further inquiries will be made.

Kewanee Man Would Be Governor.

Chicago, Aug. 2.—Charles K. Ladd of Kewanee came to the city yesterday and announced himself as a candidate for the democratic nomination for governor of Illinois in 1900. Mr. Ladd would not talk much about his candidacy, further than to say he would be a candidate when the time came for the democrats to select their nominee.

A Deferred Pleasure.

The Sunday school class has just finished singing "I Want to be an Angel and With the Angels Stand," when the teacher, observing that one of the boys had not contributed his voice to swell the sacred refrain, said: "And you want to be an angel, too, don't you, Johnny?" "Yes'm," answered Johnny, "but not right away. I'd rather be a baseball player a good deal first."

American Locomotives Abroad.

The United States sent abroad during the ten months ending April 30, 1897, exactly 217 locomotives. In the same months of 1898 it exported 366; for the same period for the current year the record has risen to 414.

## TWO CITIZENS WRITE LETTERS ABOUT THE PAVING MATTER

"F. S. E." SAYS THAT A CONCRETE SHOULD BE USED.

Thinks the Repairs That Will Necessarily Have to Be Made Can Be Better Made Under This System—Bricks Will Be No Better Than Blocks.

Editor Gazette—Your motto at the head of your paper, "If You See It In The Gazette It Is New and True" is usually correct. But I take issue with you on your article in Monday's paper headed "Put Down a Pavement." I feel sure that the property owners of West Milwaukee street are fair and honorable and generous men and would like to do the best that can be done in making a street that will be permanent and smooth for all time with slight repairs.

West Milwaukee street has been paved three times, say in the last twenty years, perhaps slightly more than half of that time the street has been in good repair, the remainder of the twenty years it has been the worst street in the city. Now our Common Council propose to try for the fourth time paving the street with bricks instead of blocks.

But it is evident to every one that bricks will wear out as well as pine or cedar blocks and we shall experience again what we have three times before, that for one half the time the bricks are down we shall have a good street the remaining half in all probability we shall have the poorest street in the city.

A few years since I rode over a street out of Syracuse, New York, that was made of crushed blue limestone, a stone very little if any harder than the best stone from our own quarries. That street was smooth and hard. I think the smoothest street I ever rode over. Once in fifteen or twenty rods there was left a small pile of crushed stone, crushed to about the size of chestnut coal to repair any little settle that might occur in the street.

It is easy to see that a street of this nature can be repaired from the top and in that way kept smooth and true, while the block pavement cannot be repaired from the surface. A large difficulty in keeping Milwaukee street in good shape is the digging to repair water and gas pipes which cannot be avoided on any city street. To repair a water or gas pipe we have to dig five or six feet into the soil and that soil cannot be put back and made as it was before, but it will settle in spite of the best skill and faithfulness. Besides in the breaking of the concrete under the pavement it will be impossible to join it again as at first and these difficulties cannot be overcome. A depression in the street will be sure to follow.

Now if the common council will change their order and put down instead of a brick pavement, a concrete made of our best crushed stone with a top dressing of granite, say of three or four inches, we will have a street that can be easily repaired and kept good for all time.

Another improvement I suggest would be for the electric railway to put down a flat railroad as is used in most cities, in place of the rails now used, to protect vehicles from damage in crossing their tracks.

## METEOR WINS AGAIN

Britannia's Showing Was Most Disappointing—Thirty Minutes Behind When She Gave Up.

Cowes, Aug. 2.—[Special]—The emperor of Germany's yacht Meteor and the Prince of Wales' Britannia met again today. The Britannia's showing was most disappointing. She was thirty minutes behind the Meteor when she gave up the race.

## RELEASE OF PRISONERS

Dispatches Received at Madrid Say Negotiations Are Progressing Favorably.

Madrid, Aug. 2.—[Special]—An official dispatch from Manila says that negotiations for the release of Spanish prisoners held by Aguinaldo, are progressing to a favorable conclusion.

Baiting the Bear.

So popular was baiting in olden days in England that riots followed the attempt to suppress it in the large towns. Bear baiting was more popular still, if that could be. In various places, Liverpool especially, it made part of the festivities at the election of the mayor, being held before his worship started for church. Ladies commonly attended in great numbers. There was a famous bear at Liverpool, which showed such grand sport in 1872 that certain fair admirers presented it with a garland, decked it with ribbons, and carried it to the theater, where a special entertainment had been "commanded," which Bruin sat out in the front of their box. But of gossip about bull and bear baiting there is no end. Enthusiastic lovers of Shakespeare read with interest the petition of the royal bear warden, addressed to Queen Elizabeth in 1595, complaining that his licensed performances had been neglected of late because every one went to the theater.

"W. P. R." THINKS BRICK IS THE BEST MATERIAL.

At Minneapolis Asphalt Required Constant Repairs, and Brick Gutters Had to Be Built, While the Brick Pavement Required No Attention At All.

Editor Gazette—The little controversy between our city council and the property owners upon the pavement proposition on Milwaukee street, might be easily adjusted if each side would choose some competent person as a committee and send them to Minneapolis to investigate that problem.

Only a few years ago Minneapolis awoke to meet the demand of repaving quite a number of streets where the old cedar-block pavement was in a direful condition. Contractors were on hand to represent the different kinds of pavement, and plenty of "boodle and rake-offs" figured in the deals. The asphalt fellows carried off the bulk of the contracts, but fortunately a section of one great thoroughfare secured the "brick" pavement.

The grading and foundation were the same, whether asphalt or bricks were to be used, and on a half dozen streets there was the busy hum, and confounded annoyance of the pavers for many weeks. Cold weather and frost came to put a stop to the confusion for a short time, but it was not very long, and while it was yet winter the patching up of the asphalt pavements was commenced, (for the work was guaranteed for several years) from that summer of 1896 up to the present time there has not been a lapse of sixty days but what the asphalt patchers have not been annoying pedestrians and property owners with their disagreeable chips of coagulated asphalt, and noise of disagreeable odor from their hot materials. But never did the writer of this know of the brick pavement being patched, nor did any "Yosmarns" appear to jerk the head off of one riding along over that smooth brick pavement.

After about two years the asphalt contractors seemed to "grow weary" at the continual patching along within two or three feet of the curbing, and they ripped up a streak of their useless asphalt and repaved it for, from two to three feet wide next the curbing with bricks, and when they secured any new contracts for asphalt they took the precaution to pave a streak some three feet wide next the curbing with bricks. This combination made quite a pleasant street to ride or do business upon, for the noise was lessened where the asphalt was down, and the bricks stood the constant stamping of the feet of horses, and the heavy wagons which were of necessity constantly backing up to the curbing.

## PAY FOR THEIR CRIMES

Oscar Rice and John Kennedy Successfully Electrocuted At Auburn, New York.

Auburn, N. Y., Aug. 2.—[Special]—Oscar Rice and John Kennedy were successfully electrocuted in the prison here this morning.

Kennedy is a negro, who killed another negro during a bawdy house quarrel.

Rice murdered his wife because she refused to live with him.

ATTACK REPUBLICAN POLICY.

Three Issues Wisconsin Democrats Are Asked to Meet in 1900.

Milwaukee, Wis., Aug. 2.—The address issued to Wisconsin democrats by the committee created in Chicago on July 20, consisting of John Tooher of Milwaukee, T. E. Ryan of Waukegan and W. H. Rogers of Madison, and made public Tuesday, recommends the organization of democratic clubs throughout the state of Wisconsin without delay, and says that there are three great questions confronting the American people for solution, which must be fought out in the next national campaign. These questions are trusts, money and imperialism.

"The principles enunciated in the Chicago platform of 1896," the address says, "should, and we believe will, receive in 1900 a complete endorsement and reaffirmation by a reunited democracy." The address then declares in favor of bimetallism at the ratio of 16 to 1. It says also the responsibility for the evils flowing from trusts should be placed at the door of the republican party.

William J. Bryan is declared to be the first public man to come out on the question of imperialism.

A Striking Resemblance.

"If you will stand a little closer to your wife's portrait, my dear sir, I think you will appreciate its striking effect much more forcibly." "That's certainly like my wife."

Brought Bad Luck.

"I'll never open an umbrella in a house again. It's unlucky." "How so?" The owner recognized it.

Must Be One or the Other.

"Henry, the Badgers have a new baby." "Is it a Helen Gould or a Dewey?"

Plagiarist and Suicide. Toulouse has been startled by an army officer's committing suicide on account of plagiarism. Capt. Cassagne sent in a poem to the Floral Games, which received a minor prize, and was printed with the other prize pieces. A lycée professor accidentally opened the book and recognized the poem as an already published production of his own, with the exception of a dozen lines. He informed the prize committee of the plagiarism and the captain was asked for an explanation, whereupon he shot himself. The committee went so far as to state that if it had not been for the captain's own addition the poem would have received the first prize.

## MRS. SPRAGUE'S BURIAL

Remains Will Be Taken to Columbus, Ohio—Services Held in Washington.

Washington, Aug. 2.—[Special]—Funeral services over the remains of the late Mrs. Kate Sprague took place today. They were entirely private, only the near relatives of the deceased being present. The remains will be taken to Columbus, Ohio, for burial.

## DETROIT DOES HONOR

Has on Its Best Clothes to Welcome the Home Coming of Ex-Secretary Alger.

Detroit, August 2.—[Special]—Detroit has on its best clothes today to welcome the home coming of ex-Secretary Alger. Gov. Pingree prepared for the great demonstration.

A special train with five hundred admirers left for Toledo at noon to meet Alger's train. He will arrive at 7 o'clock this evening.

## ANNOY THE PRESIDENT

Kodak Fiends Follow Him Wherever He Goes—McKinley Receives Volunteer Officials.

Hotel Champlain, August 2.—[Special]—McKinley went for a short walk this morning and later received the officers of the Twenty-Sixth regiment, who called upon him in a body.

The president is much annoyed by an army of kodak fiends who follow him wherever he goes.

## WITNESS ARE THERE

Principal Ones Who Appear at Dreyfus Court Martial Arrive at Rennes.

Rennes, France, Aug. 2.—[Special]—The principal witnesses to appear before the Dreyfus court martial are beginning to arrive. The town is taking on an animated appearance. The house of M. Labori, one of Dreyfus' counsels is still closely guarded by the police.

## PLEADED NOT GUILTY

Roland Milneux Arraigned This Morning at New York to Answer to Charge of Murder.

New York, Aug. 2.—[Special]—Roland Milneux was arraigned in court this morning to answer to the charge of murdering Mrs. Kate Adams. He pleaded not guilty.

## FORECAST OF WEATHER

Chicago, Aug. 2.—[Special]—Forecast for Wisconsin: Fair tonight and Thursday, cooler.

Sea Menace in America's Fleet.

Berlin, Aug. 2.—The Ostasiatischer Lloyd, a German weekly newspaper, in an article discussing American naval affairs says: "The United States soon will have fifty-eight new warships. Then the fleet on the Asiatic station will be re-enforced and the German east Asiatic fleet will not answer the requirements of the changed situation."

Secure Advance in Wages.

Aiton, Ill., Aug. 2.—The green-glass workers of the United States, the bottle blowers, have been granted an advance of 3 per cent in wages, to take effect Sept. 1.

Glass Workers Are to Fight.

Anderson, Ind., Aug. 2.—It has been decided to institute legal proceedings to prevent the window glass companies of Indiana joining the proposed combine now being organized under the laws of New Jersey. Advantage will be taken of an old section of the statute which provides that in case any corporation shall depart from the purposes for which it was organized, its charter may be forfeited and the concern placed in the hands of a receiver. The statute empowers the prosecuting attorney to bring suit.

More Japanese for Hawaii.

Victoria, B. C., Aug. 2.—Native Japanese papers received by Tuesday's steamer say 15,000 Japanese laborers are to be imported into Hawaii during the coming fall. Of these 585 have already been contracted for, with various Japanese emigration companies. It is said the Japan company has secured an order to supply 2,000 laborers, the Tokio Emigration company 7,444 and the Kobe Japanese Emigration company 1,164.

## GENERAL WOODFIN WANTS SUPPLIES

Situation Grave at Soldiers' Home

SAYS HE CANNOT CONTROL FOUR THOUSAND VETERANS

Must Secure Provisions and the Other

Necessities of Life For the Men in His Care—Yellow Fever Seems to Have Secured a Strong Hold—Surgeon General Wyman Says There is No Change in the Situation.

Norfolk, Va., Aug. 2.—[Special]—Gen. Woodfin of the soldiers' home, has telegraphed for supplies to the authorities.

He says he cannot control the four thousand veterans in his care if he cannot secure provisions and the other necessities of life.

Wyman Predicts More Yellow Jack.

Washington, Aug. 2.—[Special]—Surgeon General Wyman said this morning that there was no change in the yellow fever situation since last night.

The spread of the scourge to Phoebus has given authorities grave apprehension for the future.

Wyman does not think the disease can be confined to the soldiers' home and Phoebus and predicts that there will be more of it.

Newport News, Va., Aug. 2.—Four more deaths occurred at the National Soldiers' home at Hampton Tuesday from yellow fever, and there were three new cases reported in the home.

Three cases of genuine yellow fever have been found in Phoebus, just outside of the home, and when the news spread to Hampton and this city the excitement was intense.

There have been fifty cases in all since the government specialists diagnosed the disease as yellow fever, and eleven of the patients have died.

Surgeon White of the marine hospital service has taken charge of the outside preparations to fight the fever, and has established his headquarters in Hampton. He is assisted by a force of surgeons sent here by the war department. Surgeon White put the city of Hampton and the town of Phoebus under martial law, and guards are under the direction of government officials.

Winchester rifles and shotguns are used by all of the guards at Hampton, and by the special policemen, to the number of seventy-five, doing duty on the Newport News boundary. Hampton was quarantined against Phoebus, her next-door neighbor, and now both places are cut off from the outside world.

Only the splendid work of the Newport News health authorities in preventing communication with Hampton and excluding all persons from the infected district saves the city from quarantine by Richmond.

The state board of health, Dr. Paulus Irving, president, arrived here from the state capital, and after consultation with the board of health and the Business Men's association, and after an investigation on its own book, commended the local authorities for their rigid quarantine and decided to leave the control of the situation in their hands.

Report from the Soldiers' Home.

Washington, Aug. 2.—"Three new cases of yellow fever in the soldiers' home at Hampton and one death," is the official report received by Surgeon-General Wyman from Dr. Wasdin, the yellow-fever expert on duty at the institution. Added to Dr. Wasdin's figures sent to Dr. Wyman Monday, this makes up to date forty cases in all which have occurred at the home, of which eight have proved fatal.

New York Takes Precautions.

New York, Aug. 2.—While the health department does not expect any yellow fever will be brought in from Virginia, it is planning for emergencies. The Jersey City authorities, too, are taking every precaution to prevent the bringing of yellow fever into that city or across the river to this city over the usual lines of travel from the south.

Spain Will Pay Cuban Debt.

London, Aug. 2.—The Madrid correspondent of the Standard says that the Spanish minister of finance, the Marquis Villaverde, declares that the rumor that the government is trying to induce the United States to pay for the amortization of the Cuban debts is without foundation.

Canada to Withdraw Troops.

Ottawa, Ont., Aug. 2.—In the house of commons Tuesday the minister of marine stated that it had been decided to withdraw one-half of the troops, 100 men, from the Yukon as soon as arrangements could be made with the United States government to land them at Skaguay.

War Supplies in Natal.

Johannesburg, Aug. 2.—It is reported that quantities of military supplies are arriving at Pietermaritzburg, capital of Natal, South Africa, daily.

## COAL WILL GO UP THE DEALERS SAY

FURTHER ADVANCES ARE EXPECTED AT ANY TIME.

Iron Trade Requires All the Vessels on the Lakes, and the Coal Freight Rate Took a Jump in Consequence and the Rail Tariff is Much More Than the Water Price.

Local coal dealers predict another advance of 25 cents a ton, and expect that the price will go higher, even, than that, before the end of the season. "This article from The Milwaukee Sentinel gives the facts as they are," said a local dealer today. The article follows:

For once it must be conceded that neither the coal-miners nor the dockmen, nor yet the retail dealers are the masters of the situation. The advance is solely due to the inability of the mining companies to lay down coal in the North west. At the mines in Pennsylvania, which is the one place where anthracite coal is taken out, the men are only working three-quarter time, and still the stocks are piling up with no prospect for shipping it to the markets along the lakes by water. If it becomes necessary, as would appear from the present outlook, to ship anthracite coal from the mines to Milwaukee and Chicago by the all-rail routes, local dealers say the price will go to \$7, and it may go even higher.

### Iron Market to Blame.

The trouble with the coal market this year is the activity in the iron market, which is running at the top notch. It is said that the iron furnaces, in order to fulfill the contracts on hand, will have to have 2,000,000 tons of iron ore every month until the close of navigation. To meet this enormous demand made upon them the iron companies opened the season by making contracts with the vessel owners to devote their crafts solely to the iron trade, it being stipulated in the contract that they should make the return trip from their port of delivery to the iron docks light instead of following the old custom of carrying coal on the return trip. This was done to prevent the loss of time incidental to the taking on and discharging of coal cargoes. The vessels now take water into their holds for ballast on the return trip, and pump it out when they load with ore. To make sure of the services of these boats the contract price for carrying iron ore was placed at \$1 a ton at the beginning of the season, and there it has remained. In some instances vesselmen entered into contracts to deliver a certain amount of iron ore at the furnaces during the season, and in nearly every instance the amount was placed so high that the contracts will not be completed until late in October.

To offset the iron ore freight rate if possible the coal men offered 30 cents a ton for carrying coal at the beginning of the season, an advance of 10 cents a ton over the figure that ruled last season. The rate has jumped 10 cents a month since the opening of navigation, and the price offered yesterday was 60 cents a ton.

### No Need of a Combine.

"There is no need of a combination among the coal men," said Eltinge Elmore, of the R. P. Elmore Coal company, yesterday. "It is simply a question of supply only. We are unable to get vessels to bring the coal to us, and that is all there is to it. They have gone into the iron ore trade under contracts that prevents them from taking the time to load and unload coal. The iron trade is booming; pig iron that sold for \$11 in April is now selling for \$19.50 and \$20. The iron men are unable to fill their contracts. Look at structural iron. Why the Milwaukee Gas company has been obliged to stop work on its building because they cannot get the structural iron to go on with it. If we have to have anthracite coal brought here by rail the price will go to \$7 a ton."

## TRIBUTE TO DR. O. G. BENNETT

Members of the Janesville Dental Society Take Action

At the call of an all-wise and overruling Providence, Dr. Orrin G. Bennett, of Janesville, Wis., on the 28th day of July, 1899, at the early age of thirty-six years passed from this to a higher and better life.

Dr. Bennett was a most respected citizen, and as a professional man he commanded the respect and confidence of his fellow-practitioners and the public, and was considered an able and conscientious gentleman in the practice of his profession. But above and beyond all else he was a man of true moral worth and his one great aim in life was to live up to the high ideal he had established as to what a man, as a husband and father, should be. Of a sanguine temperament and sunny

disposition he was in manner, affable; in bearing, dignified, and in spirit, gentle and sympathetic. The loss of such an one from our midst is always an occasion of sadness and sorrow. But though his sojourn among us was of brief duration we have the consoling knowledge that his life was successful in uplifting and making better by his cheery words and good will towards all, everyone with whom he came in contact.

Resolved, That we will ever cherish the memory of our departed brother, and seek to establish and perpetuate the high examples that were so fully illustrated in his short but noble life.

Resolved, That this statement and resolution be placed upon the memorial page of the proceedings of this society; that a copy be transmitted to the family of the deceased, and that it be sent to the various dental journals for publication. Signed,

JANESVILLE DENTAL SOCIETY,  
R. R. POWELL, Pres.  
H. A. HOLSFELDER, Sec'y.  
Janesville, Wis., July 29, 1899.

## PLEASANT PICNIC AT FULTON.

Given by Miss Nellie Pense to a Number of her Friends.

Fulton, Aug. 1.—Saturday afternoon Miss Nellie Pense gave a very pleasant picnic up the river, to some of her friends. They rowed up the river in boats, and partook of an appetizing repast, upon the shores of the river, and all enjoyed the occasion very much. Some of our young people were very pleasantly entertained at tea, Friday by Misses Edith and Lou Raymond. Miss Nell Pense returned from Kenosha, last Wednesday night, accompanied by Mrs. Web. Hill, who will spend a few days visiting her friends. Web Hill and Mr. Anderson, of Kenosha, spent Sunday with relatives here. They ride a tandem wheel and made the distance in eight hours. Mrs. W. H. Pense returned from Madison, where she passed several days very pleasantly. Last Thursday evening a dancing party was given in Orfa Pessenden's new barn. A good many were there, and all had a good time. Mrs. Jessup and Mrs. Curtis passed a day in Janesville last week. Her friends will be sorry to learn that Mrs. Grace Pessenden is quite ill. Mrs. Reed and Miss Josie Brown visited the Assembly at Madison, last Saturday. Stewart Murwin is in Janesville, at work at carpentry, with his uncle, D. Stewart. A good argument for prohibition was furnished the people of our place one afternoon lately when there was a general mix-up of brag and dinner pail, and mistaken identity and the streets presented an appearance of "Rag Town Alley." Robert Lee and Claude Murwin spent Monday in Madison going through the capital and university buildings and across the lake to hear Bryan. The Junior Endeavors sent a box of flowers to the Chicago hospital Monday morning.

### Lima Center

Lima Center, Aug. 1.—Dr. Stetson and family are enjoying a visit from the doctors parents, of Oxfordville. C. D. Child and wife, of Janesville, spent Sunday at Wm. Truman's. Miss Nina Jones, of Madison, South Dakota, arrived Saturday on a four weeks' visit with friends and relatives here. Mrs. McComb is enjoying a visit from her aunt, Miss Howard of Detroit, Mich., and her cousin, Miss Rachel Howard, of Florida. George Traver spent last Friday in Milwaukee. A full house greeted Rev. Perry Sunday at the M. E. church, it being the re-opening service. Mr. and Mrs. Buffham, of Racine, have been visiting friends here the past week. The Truman families entertained their cousins, the Misses Burnham, of Hebron. They left for home Monday, accompanied by Mrs. Lydia Childs, who will visit them for a week. Miss Lula Jones is spending the week with her grandparents in Whitewater. Mrs. William Bowers entertained her sister from Milton a couple of days last week. Mrs. H. L. Jones has been quite sick the past week. Miss Alice Carroll is home from a week's visit in Green county. Z. Stevens, P. Elphick, wife and daughter and several others went to Madison, Monday, to hear Bryan. We hear that Wm. Weaver, of Milton, has a sunflower that measures eight feet and ten inches in height. Fred Gould can boast of one that lacks only two inches of the ten-foot mark. Miss Della Bowers has been engaged to teach our school the coming year. A play entitled "Heavenly Twins" will be presented Thursday evening at Holbrook's hall, by the young people of Koshkonong, interspersed with good music. Admission, 10 and 15 cents. The Ladies' Aid society will serve ice cream at the close of the entertainment. All are invited.

### South Clinton.

South Clinton, Aug. 2.—Harvesting is well under way and already the threshing machine is at work. Many are threshing out of the field. Mrs. James Porter, of Roscoe, visited here last week. Mrs. Welch, of Beloit, who has been visiting her friend, Mrs. Patch, returned home the first of the week. Clarence and Emma Smith and Harry Cooper took in Delavan Lake assembly, Sunday. Ed. Patch drives to Beloit three times a week with garden produce. W. E. Dresser and a portion of his family drove to Ashel Henderson's a few days ago. Miss Florence Marston and Miss Barrett and Edwards were visitors at E. C. Dresser's, Friday.

### Cleveland Under a Boycott.

Cleveland, Ohio, Aug. 2.—The strike situation in Cleveland has not improved in the last twenty-four hours. The remarkable boycott started some days ago is still in existence and threatens to spread. It is a widely discussed topic. Adjt.-Gen. Axline declares he will smash the boycott, so far as it affected the troops, by prosecuting the merchants under the civil rights law.

## MISS BOSWORTH TO RETURN TO CHINA

LADY IS WELL KNOWN TO JANESVILLE PEOPLE.

Parents Were Former Local Residents—Able Missionary Lectured Here Last Spring on the Educational Work at Foo Chow—She Has Given Her Life to the Labor.

Miss Sadie Bosworth, who returned a year ago from the Chinese mission field where she had spent six years in educational work at the Anglo-Chinese college in Foo Chow, will start on her return trip to the Flowery Kingdom, August 7.

Miss Bosworth is well known to the people of Janesville, her parents at one time having resided here. She delivered one of her popular lectures in this city last spring, giving a narrative of the educational work accomplished in that far away land. She exhibited many curios which added much to the interest of her talk, which was highly entertaining and instructive. Points were brought forth during the course of her remarks that were of such a nature that the attentive listeners could never forget.

Miss Bosworth will go first to Omaha, where she will spend a week visiting her brother, Robert E. Bosworth, thence to Denver, making a short stop in that city, and on via the Union Pacific lines to Seattle. At Seattle Miss Bosworth will take a coasting steamer to Victoria, whence she will sail Aug. 21 on the steamer Empress of Japan for Shanghai, stopping enroute at Honolulu, Yokohama and other island points. From Shanghai her journey will be continued by Chinese coasting steamer to her destination, Foo Chow.

At Denver Miss Bosworth will make a brief stop to greet two graduates of the Anglo-Chinese college under her teaching, who since came to America to continue their studies—Messrs. Sia Tien Ang and Sia Tieng Bo. They are brothers, one of them having been Miss Bosworth's instructor in Chinese during her earlier work at Foo Chow. At Seattle, she will be the guest over Sunday of Miss Adrian, a deaconess, formerly the head of the Milwaukee Deaconess home, but now engaged in work in that city.

Miss Bosworth has devoted her life to the cause of educating and Christianizing the Chinese. She went first to China seven years ago, and spent six years as a teacher in the Anglo-Chinese college of Foo Chow, which, by the way, is the only school of its kind in the Chinese empire. She returned home July 26, 1898, and has spent a good portion of the past year at her home in Fond du Lac. Though on a furlough she has not been idle, having delivered during the past year over a hundred addresses and traveled over 5,000 miles in the interest of her work.

Miss Bosworth's many Janesville friends wish her all the success imaginable in the renewal of her noble work and trust that they may have an opportunity again at no great distant date of listening to a report of her work. She makes no great display at oratory and makes no attempt to captivate her audience by oratorical flight. She has a pleasing faculty of entertaining her hearers by a straight forward, practical talk.

## WEATHER AND CROP BULLETIN

Tobacco Crop—Exceptionally Good—Rapid Growth of Corn

The temperature during the early part of the week ranged from 90 to 100 degrees throughout the state. This condition was followed by decidedly cooler weather, the average for the week being about normal.

Showers occurred over the southern and eastern counties, but for the remainder of the state there was practically no rain. Rain is needed in a few localities for corn and potatoes.

Corn has made very rapid growth during the week and now gives promise of an average crop. Special inquiry in regard to the prevalence of smut development the fact that there is less than usual at this season. Rain is needed in a few localities, but generally there is sufficient moisture.

Oats and barley are nearly all in the shock. Oats generally are a heavy crop, but badly lodged. Barley is good, the heads well filled; and the berry plump, but somewhat discolored.

Hay is about completed, except on low grounds. Hay cut during the week was secured in excellent condition. Pastures fair, but need rain.

Potatoes have made excellent progress during the week, but need rain. A good crop is promised.

Some early plantings of tobacco have been topped. The crop is generally considered exceptionally good.

Hot weather early in the week damaged cranberries slightly, but a good crop is promised. Apple crop very light; plums abundant.

Rock county—Stebbinsville: Corn smut no more plentiful than usual and not as much as last year; some early set tobacco topped; oat crop good.

## EVENTS FOR THIS EVENING

A. O. U. W. picnic committee will meet at the office of the chairman at 7:30.

An adjourned meeting of the council will be held on this evening to discuss the question of paving West Milwaukee street.

REGULAR meeting of Wisconsin Lodge No. 14, Independent Order Odd Fellows at East Side Odd Fellows' hall.

The annual meeting of the stockholders of the Rock County Building, Loan and Savings association at the office of the secretary, Frank C. Haselton, at 7:30 p. m.

## PLAN TO OBSERVE LABOR DAY

Meeting of the Trades Council Held Last Evening For That Purpose

The members of the Trades Council are becoming active in making preparations for the celebration of Labor Day in Janesville. Another meeting was held at their hall last evening and great interest was manifested and it is quite apparent that a successful celebration will be the result of the efforts put forth.

The machinists of Beloit will be invited to visit our city and celebrate the day with the local unions. William Mason and A. Pardee, appointed as a committee for that purpose, will visit our sister city and make an effort to secure a good attendance to participate in the parade.

Other committees were appointed, the members of which will contribute their share to make the affair a success. They were as follows:

Music and dancing—W. Phelps and George F. Kueck.

Games and Parade—Merton J. Stanton and Albert F. Knuth.

Grounds and Privileges—Albert F. Knuth, George F. Kueck and Frank Delaney.

Printing—John Dwyer and Ernest E. Clemons.

Albert F. Knuth was appointed a committee to get out the annual program. The proceeds will be devoted to prizes.

### The Best Remedy for Flux

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a year with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by People's Drug Co., corner Main and Milwaukee streets.

### Advertised Letters

Letters addressed to the following named persons, remained uncalled for in the Janesville postoffice during the past week ending August 2, 1899:

### LADIES.

Alonso, Miss Grace  
Baldwin, Mary  
Bongers, Mrs. Daisy  
Bushman, Annie  
Gulden, Miss Genie  
Hickman, Mrs. Ida  
Johnson, Mrs. L. C.  
Mear, Mrs. Louise

Sawlow, S. P.  
Smith, Charles F.  
Smith, John

Call for advertised letter giving date. For week ending August 2, 1899.

### Public Debt Grows in July.

Washington, Aug. 2.—The monthly statement of the public debt issued at the treasury department Tuesday shows that at the close of business July 31, 1899, the debt, less cash in the treasury, amounted to \$1,161,587,871, an increase for the month of \$5,267,436. This increase is accounted for by a corresponding decrease in the amount of cash on hand.

## Tonight

If your liver is out of order, causing Biliousness, Sick Headache, Heartburn, or Constipation, take a dose of

## Hood's Pills

On retiring, and tomorrow your digestive organs will be regulated and you will be bright, active and ready for any kind of work. This has been the experience of others; it will be yours. HOOD'S PILLS are sold by all druggists.

## Your stomach works

hard every day. Is it strange that it stops occasionally? Don't shock it with some gripping purgative, but use Hostetter's Stomach Bitters, a remedy everybody knows. A dose of the Bitters taken regularly will keep the stomach sweet, the bowels regular, and prevent, as well as cure, all disorders of a weak stomach. See that a PRIVATE REVENUE STAMP covers the neck of the bottle.

## Beware of Hostetter's "Something Stomach Just As Good" Bitters.

## build the house around the bath room.

SO SOME PEOPLE say. The modern idea in building is to have the bath room and plumbing convenient and nice, if you are obliged to cut off on something else.

## That Double System of Plumbing....

we are putting in many houses, is a convenience well worth looking into. It can be placed in any house. With it you have soft water for the bath and lavatory purposes and with the turning of a valve you can run city water through the pipes. A motor elevates the soft water automatically. We would be pleased to explain it more fully to you.

McVICAR BROS.  
South Main Street.

J.M. BOSTWICK & SONS.

## SERIOUS DAMAGE INFLICTED.

Devastating Storms Have Swept  
Fields in Northwest.

## SPREAD OVER FOUR STATES.

Growing Grain Beaten Into the Earth  
by Torrents of Rain and Heavy Winds  
—Fully Half a Million Acres of Crops  
Leveled.

St. Paul, Minn., Aug. 2.—Reports received here from nearly all of the grain-growing states in the western Mississippi valley indicate that immeasurable and wide-spread damage to crops has been done in the last twenty-four hours by wind and hail.

The states that have suffered the most are Minnesota, South Dakota, Iowa and Nebraska. In Iowa a terrific storm of drenching rain, accompanied by a furious and devastating wind, mowed down the grain, and where the damage did not amount to a total loss it left the fields in such a condition that the farmers in many sections have practically given up hope of saving half of the crop they planned on.

The storm took on frigid and the accompanying element of disaster as it spread over Minnesota and South Dakota. The rain was turned to sharp-edged hail in many places and to sleet that cut the grain with almost as evil results in others.

No accurate figures on the total damage can be made, but it is conservative enough to say that fully half a million acres of richly fruited crops have been leveled by the storm. Not only one cereal, but all of the various kinds that are particularly easy prey to wind and hail met injury. Corn was crushed or torn up altogether; unharvested wheat was flattened, and wide strips of country cut down.

## WARM CONTEST FOR JUDGE.

Interest in Iowa Republican Convention  
Centers in One Office.

Des Moines, Iowa, Aug. 2.—Although there is only one contest in the republican state convention here, that one promises to be warm enough to satisfy the most ardent lover of political excitement. There are six candidates for supreme judge. Judge Robinson, candidate for re-election, and Judge Sherwin of Mason City are apparently in the lead. The strength of each is, however, contingent on what develops after the first ballot.

Ex-Congressman G. M. Curtis has been chosen for permanent chairman. The resolutions are not likely to deal with the expansion question more definitely than to give a cordial indorsement to the administration.

## Italy Looks Into Lynchings.

Washington, Aug. 2.—The international phase of the Italian lynchings in Louisiana has assumed a rather serious aspect as a result of several official reports received here. These show that the Italian officials on the scene believe that four out of the five men lynched were Italian citizens in the fullest sense. The Italian authorities have also taken note of the statement attributed to Dr. Hodges, whose assault led up to the lynching. This states that after the assault he walked away, indicating that the offense was not of a character to warrant the lynching of five persons.

## Will Wipe Out the Yaquis.

City of Mexico, Aug. 2.—The Yaqui Indians are making their last stand against civilization, for, as a result of their present uprising, the tribe will inevitably be crushed and exterminated beyond the power of further resistance. News from the Lower Yaqui river country is that roving bands of Indians are killing both Mexicans and Americans, and that a number of Americans in the outlying districts have already been slaughtered.

## Lincoln Homestead Restored.

Springfield, Ill., Aug. 2.—The work of restoring and repairing the Lincoln homestead, as provided for by an appropriation made at the last session of the general assembly, is complete, and the old residence is now as stately and strong as ever, and has more nearly resumed the appearance and condition in which it was when occupied by the Lincoln family than at any time since they vacated it.

## Japan May Annex Korea.

Victoria, B. C., Aug. 2.—The Ostasische Lloyd of Shanghai, in the latest issue received by Tuesday's steamer, says a revolution is certain in Korea unless Japan or Russia declares a protectorate. The Japanese are predominant. Even now their fleet is near and their troops always ready to take it.

## Four Hundred Perish.

Victoria, B. C., Aug. 2.—The Oriental steamer Victoria brings news that the damage done by the big hurricane which raged along the Japanese coast is much more serious than at first reported. Between 300 and 400 people are reported to have lost their lives.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by People's Drug Co., corner of Main and Milwaukee streets.

Lantern baskets filled for campers.  
Lanborn.

## MAKING FRUIT JELLIES.

The Plain and Simple Road to Success  
With All Sorts.

"Whatever is worth doing is worth doing well" must be the housekeeper's motto when engaged in this operation, says Alice Clitenden, whose advice on making fruit jellies is here reproduced from The Housewife: The first care is to be exercised in the choice of the fruit. The stage at which the natural gelatinous substance is present in full force is that in which maturity is reached.

Let me say right here that an oil or gas stove with one burner will give the necessary heat, with much less discomfort to the operator than a coal or a wood stove. Take a granite or porcelain lined blueware saucepan, large as to circumference and not more than eight or ten inches deep. Lay the fruit in this and set it inside a tin pan of boiling water, with a couple of muffin rings underneath to keep the fruit from too close contact with the heat. Cover closely and boil first until soft.

Let your jelly bag be a huge cornucopia of double cheese cloth properly scalded. Place a cloth, handle over the backs of two chairs in a room free from dust, hang the bag over this by two stout loops, pour in the hot fruit and let it hang all night.

Measure the juice the next morning, and for every pint allow a pound of the best sugar. Be sure that you are buying cane sugar for this purpose, as beet sugar always contains a certain amount of moisture. Set the juice over the fire, and exactly 20 minutes from the time it has begun to boil throw in the sugar, which in the meantime has been heating, but not scorching or melting, in shallow pans in a lukewarm oven. A fire of newspapers or twigs in the cook stove will heat the oven enough for this purpose. Stir until it is dissolved, remove the spoon, allow it to boil up just once and pour into glasses that have been scalded and dried, but are still very hot. If these processes have been carefully followed, the jelly will begin to set at once. If jelly ferments, it shows that the sugar was impure—that is, that it contained moisture. When jellies, after keeping for a time, show little hard crystals on the top, it is because sugar and juice were boiled together. If your jellies are not sufficiently firm, set them in the sun for two or three successive days if necessary, but do not reboil them.

The above rule obtains for all sorts of jellies, although a word or two of caution as to the different sorts may be added. For red currant jelly it is most important that the currants should not be overripe. Try to get clean fruit that will require no washing, and if you are satisfied as to the cleanliness of the picking they need not be removed from their stems, but if full of leaves and possible insects look over them carefully. Some fruits which will be mentioned will require only 12 or 14 ounces to the pint, but currants require the full pound.

## To Ward Off Sunburn.

Remember, fair cycling enthusiast, that the ruddy, glowing face you will bring home with you after a many mile spin under a heartless midsummer sun is not alone the result of good, healthful exercise. It is an out and out sunburn and is not by any means a beautifier. Avoid it as much as possible by rubbing well into the skin before going awheeling a little cold cream or some lotion that will protect the skin from the sun's ravages. Your face won't look greasy if you apply the stuff properly, and you will find it the greatest aid in warding off an overdose of sunburn. A cold water facial bath before hobnobbing with sun and wind is fatal to complexion charms.

## Summer Fancies In Hats.

"What's in a hat?" Merely the whole success of a toilet. With the airy, diaphanous robes now in vogue the millinery should be not just handsome or fine, but picturesque, effective—such, for instance, as the Trelawney hat for afternoon wear, with low crown and drooping brim, flower trimmed above and beneath.

## Picture Hats in Tuscan Straw.

Picture hats in Tuscan straw, with high crowns and turned up brims, bordered with the emerald period, are among fashions of the moment, which also commend themselves to the notice of the well dressed. Many of the brims are covered with puckered black tulle, a little jet here and there, long ostrich plumes lying on either side of the brim falling on the hair at the back.

A dressy hat is the Panama order, but arranged, as it were, in deep tuckings, trimmed with roses outside the brim and a bunch beneath at the back, the tulle strings tied under the chin on the left side.

Shade hats of masses of shirred muslin and fetching little empire sunbonnets will be worn by the summer girl who strolls the lawn, the woods and fields.

## THE TRELAWNEY HAT.

rowed from the emerald period, are among fashions of the moment, which also commend themselves to the notice of the well dressed. HIDES—Green, 5¢@6¢; dry, 5¢@10¢.  
FURS—Quotable at 2¢@75¢.  
CATTLE—\$3.00¢@3.00¢@100 lbs.  
HOGS—\$3.75¢@4.25¢@cwt.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

Ordinary household accidents have no terrors when there's a bottle of Dr. Thomas' Electric Oil in the medicine chest. Heals burns, cuts, bruises, sprains. Instant relief.

Itching piles? Never mind if everything else failed to cure you. Try Doan's Ointment. No failure there. 50 cents, at any drug store.

Mothers lose their dread for "that terrible second summer" when they have Dr. Fowler's Extract of Wild Strawberry in the house. Nature's specific for summer complaints of every sort.

## Still He Was a Small Man.

"Why do you persist in calling him a pygmy? He's not small."

"Not physically."—Chicago Post.

## Seasoning Wood with Electricity.

In France a method of seasoning wood through the agency of electricity is credited with much success. It is called the Nodon-Bretonneau process. The timber is nearly immersed in a tank of water containing ten per cent of borax, five of resin, and a little carbonate of soda, and rest on a lead plate connected with the positive pole of a dynamo. Another similar plate, lying on the exposed surface of the timber, is connected with the negative pole. Thus a current of electricity can be passed through the wood, from which all the sap appears to be removed, while the borax and resin take its place in the pores. In a few hours the timber is taken out and dried, and the seasoning is said to be complete.

## Religious Drugs.

New York Tribune: A Philadelphia druggist tells of a customer who sent a written order for "a pound of Christian saltwater"; another asked for "glorified lime"; another wanted "contended lye," and one of the sanctified, perhaps, sent for a "box of consecrated lye," which recalls the story of the boy who went to church, and, to prove it to his mother, said that one of the hymns sung was the "consecrated cross-eyed bear." We have had orders for "Paddy's garret" (paregoric), "cock-eyed syrup" (Cox's hive syrup), "bones of potisan" (bromide of potassium), "queer soot" (crescote), and one that came in two weeks ago called for "J. E. Die" (tincture of iodine).

Brings the bloom of youth to the faded cheeks. Drives away headache, indigestion, constipation, makes health beautiful womanhood. Rocky Mountain Tea. Smith's Pharmacy, kodak agents.

## To District Clerks.

In view of the fact that we are to hold an unusually lengthy and profitable Teachers' Institute this summer, we very respectfully urge that you do not allow your schools to begin sooner than August 28. The institute will be held at Janesville, beginning August 7th and lasting three weeks. It will be a model summer school, the work to be largely academic. No tuition will be charged. Unless you can secure a teacher of long and successful experience (such always attend institutes) make a bargain with your teacher that she must attend the institute during the entire time.

To Teachers—Public teachers' examinations will be held as follows:

At Janesville, August 25 and 26.  
At Evansville, August 28 and 29.  
At Edgerton, August 30 and 31.  
At Orfordville, September 1 and 2.

All persons who attend the institute for the entire time will find the examinations easy. The institute work will cover many of the questions used.

Bring with you a good pen. Writing paper will be furnished by the examiner.

I remain yours very truly,

Wm. M. Ross.

SUPERINTENDENT W. M. Ross writes to The Gazette from Oregon, stating that his party will reach home about August 5.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. For sale by People's Drug Co., corner Main and Milwaukee streets.

## The Dangers of Mormonism.

Any one who ever lived for any great length of time in Utah when it was a territory knows only too well that the gentiles found it to their interest not to criticize too adversely the autocracy of Brigham Young. Dr. Robinson would not be "counseled" to refrain from censure. One beautiful moonlight night a man came to his house and told him that a man had been kicked by a mule "down on the State road," and that his leg was broken. He was suffering the greatest agony and needed the services of a surgeon. Would the doctor not come to his relief? Mrs. Robinson pleaded with her husband not to go. He laughed at her fears, and went. One block from his house he was assassinated by a blow on the head with some dull instrument and a shot from a pistol. His murderer was never apprehended.—Ruth Everett in Arena.

## The Good Time Coming.

Englishmen as a rule are proud of the manner in which railroads in the British isles are constructed. A gentleman who was abroad recently overheard a remark which pleased him very much. "An American girl was discussing with a nobleman the differences between the railroad systems. The Englishman said that the roadbeds of English railroads were much superior to those of the different American systems and would last the English until eternity."

The Yankee girl, however, was quick to make a reply, and she said, "As we Americans expect to wear wings there is no necessity of building railroads to last forever."—Pittsburg Chronicle-Telegraph.

## The Poor Dear!

Jeweler—So you're dissatisfied with the watch? What ails it?  
Sweet Young Thing—The case does not open far enough to let me get my lips to his picture.—Jewelers' Weekly

"Would I were a bird," she sung with an accompaniment on the piano.

"You are," he broke in rapturously. Thus he won his suit.

## NOTHING IS BETTER

Impossible to Manufacture a  
Better Remedy.

Wisconsin People Make Good Witnesses of  
the Success it Has Achieved.

There can be nothing better for backache, nervousness, sleeplessness and all ailments arising from kidney disorders than MORROW'S KID-NE-IDS. It is impossible to manufacture a better remedy. KID-NE-IDS contain the very best ingredients that are good for ailments arising from the kidneys. The vast number of people in this city who have testified to the merits of KID-NE-IDS is sufficient proof that none of our claims are false.

Mrs. T. S. John-son, 881 Harrison street, Belmont, Wis., says: "I have been afflicted with kidney backache and other symptoms of disordered kidneys for some time past. During the continuance of my troubles I have experimented with kidney pills and other kidney remedies but did not get any relief until I used MORROW'S KID-NE-IDS. In a very short time I was greatly relieved. I continued to take KID-NE-IDS and I am being relieved of all my former troubles very rapidly. I think KID-NE-IDS a splendid remedy for kidney troubles."

Morrow's Kid-Ne-ids are not pills but yellow tablets, and sell at fifty cents a box by all druggists and by The People's Drug Co.

Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield, Ohio.

**HEALTHY OLD AGE.**

LARGE, BENTON CO. ARE, Aug. 4.  
I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.

MRS. E. B. TOWNSEND.

**Wine of Cardui**

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

## THIS DAY IN HISTORY.

1100—William II (Rufus) of England accidentally killed in New Forest, Hants, by Walter Tyrrell.  
1817—William Williams, "alger," soldier and statesman, died in Lebanon, Conn., born there 1781. Charles X of France formally abdicated; soon after he died from the country.  
1840—Mehemet Ali, most talented modern ruler of Egypt, died; born in poverty 1769.  
1857—Eugene Sue, author of "The Wandering Jew" and other romances, died at Annecy, Savoy; born 1801.  
1859—Horace Mann, educator and abolitionist, died at Yellow Springs, O.; born 1796.  
1893—Paul Delaunoy, French painter, died; born 1804.  
1895—General William P. Innes, a civil war veteran, died at Grand Rapids.  
1896—Joseph Thompson, African explorer, died in London.  
1899—Dr. Joseph Toner of Washington, well known collector and philanthropist, died at Cresco Springs, Pa.  
1897—Marie Sebach, illustrious German actress, died at St. Moritz, in the Engadine; born 1824.  
1898—President McKinley announced, officially, the terms upon which he offered to make peace with Spain.

## BRYAN'S TRIP A FROST

Bryan's flying trip from Beloit to Madison and from Madison to Milwaukee, was a frost. The Milwaukee democratic ringmasters had planned to cause a popular demonstration for him at Madison. A special car was secured, and the St. Paul railway made a cheap rate, but only 17 men wore the badges of the "Milwaukee Democracy" and five of them were in Madison before Bryan was. Mayor Rose had planned to take one thousand "shouters" to the capital from the Cream City, but only twelve men showed up at the depot, and they were leading politicians. The "common people" were not represented.

After Bryan's speech at the Monona Lake Assembly—which was coldly received and without particular merit, by the way—the colonel left for Milwaukee on a special train. At Sun Prairie two hundred people were on hand when the train stopped and Bryan went out on the platform. The following colloquy, according to The Milwaukee Sentinel, then took place:

"Well, boys, what do you want?" Bryan asked them.  
"A speech," came the reply in chorus, followed by a round of laughter.  
"But shall I talk to you about?"  
"A Voice—No silver." [Laughter].  
"Another Voice—We've got waterworks."  
Mr. Bryan—Does the city own its own waterworks?  
A Grand Chorus—Yes sir.  
Mr. Bryan—I am surprised that a people who insist on owning their own waterworks and furnishing themselves with water, should grant the privilege of furnishing their money to a few capitalists and money sharks. The republicans promised you prosperity—  
A Voice—When you go to the next station, Mr. Bryan, tell them you saw men up at Sun Prairie who are prosperous. We've all got jobs.  
Mr. Bryan—I should like to see a man who is not in a hurry or working for a trust, who is prosperous.  
The man who had interrupted Mr. Bryan came forward and said:  
"I'm that man, sir."  
Mr. Bryan—Well they are so scarce that they have to be preserved in alcohol. [Laughter and applause.]

After this statesmanlike address had been delivered, Mr. Bryan had a rest until Marshall was reached. Here fifty men and women shook hands with him. At Watertown six hundred people were on hand. They were curious, but not enthusiastic. At Hubbleton "two men, a boy, and a yellow dog" formed the audience. At Watertown Junction there was a goodly crowd, and speeches were demanded of Mayor Rose, Mike Dunn and Ex-Gov. Peck. Bryan was coldly received, and did not speak.

At Watertown, Oconomowoc and Wauwatosa there were no demonstrations whatever, and at Milwaukee Bryan was abandoned by the Cream City delegation which had accompanied him from Madison. He carried his own grip to a cab, and was driven to the E. and P. M. dock, "all by his lonesome," to take the steamer for Manitowish, Mich.

The trip was a dismal failure. There were no plaudits and no bouquets for the Nebraskan, and his coming awakened no enthusiasm. He will receive the vote of Wisconsin for the nomination for president at the next democratic national convention, but it will not be at the hands of "the common people" of whom he so dearly loves to talk.

Now, gentlemen, we all know that "the best is the cheapest." It will cost more to pave than to macadamize, but a pavement will be worth the difference. Let us have some of the much talked of "permanent improvements," and see what they will look like.

The position of the mayor or the councilman is a happy one—it is "damned if you do, and damned if you don't." The only thing for them to do, therefore, is to be sure they're right and then go ahead—with the flag nailed to the mast.

It now transpires that Col. du Paty du Clam only did what his superiors told him to. Hence he has been liberated from prison, and the men who made him a puppet will be prosecuted.

We note, with disappointment, that none of the democratic papers about the

state have seen fit to endorse our suggestion to make the next democratic ticket read "Bryan and Babbitt." What's the matter gentlemen?

Every foot of business property on West Milwaukee street is paying a good return on the money invested and there is none offered for sale that we know of. The conclusion to be arrived at, therefore, is plain.

The question of the ownership of the ox that is gored naturally cuts considerable figure, but it doesn't alter the facts in the case so far as the whole people are concerned.

Better streets cost more money, but they mean a better town. And a better town means more business.

Secretary of War Root assumed the duties of his new office yesterday.

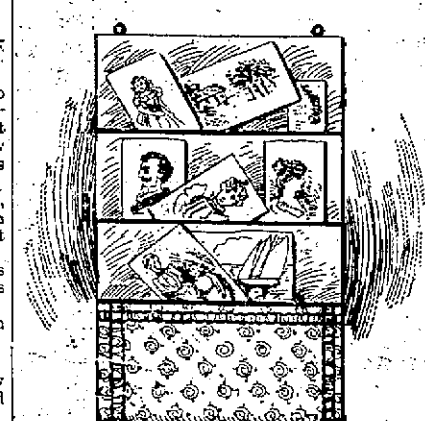

To be or not to be? Macadam or pavement? These are the questions.

## WALL PHOTOGRAPH RACKS.

Decorative, Convenient, Easily Made and Easily Carried About.

Most women like to have the counterpane presentments of relatives, friends or celebrities round them and hardly consider a room furnished without a few portraits standing about, but we have too much even of a good thing, and there is nothing so uncomfortable as a room in which hardly a vacant spot can be found to deposit a book or a cup of tea because of the photos and other trifles which fill the tables. In these days of flats and fitments, when every nook and corner must be utilized, the wall is made to accommodate many a space saving contrivance, and among these may be numbered the wall photo rack. For travelers, too, who wish to give a homelike touch to the temporary abiding place in summer hotel or boarding house it is a convenience, because it may be packed flat and carried in the trunk.

Besides the advantage of getting eight or nine cabinet photos out of the way and yet on evidence, a wall photo rack may be quite an ornamental addition to a room provided it is in harmony with its surroundings both as to color and material. Do not, for instance, put a dainty white brocade rack on a wallpaper which is getting shabby, for instead of brightening up the room it will only make it appear dingier by contrast. Choose materials which will not clash with your furniture, either, and make the foundation of the rack of wood a quarter of an inch thick, 16 inches long and 7 inches wide, or of very stout cardboard. The covering should be of colored silk, satin or sateen, which must be

A WALL PHOTO HOLDER.

cut two inches wider and six inches longer than the foundation of the rack. Make two folds in the material about two inches deep and four inches apart, pin them into position and then stretch the material tightly across the foundation and glue or tack it at the back, thus forming the two upper "pockets" shown in the illustration.

The lower pocket looks best in a contrasting shade of velvet or brocade, trimmed with strips of antique gold braid. This pocket should be put on in the same way as its fellows, but it is desirable to make it at least an inch deeper.

When the front of the rack is finished, a strip of sateen should be fastened across the back to cover the rough edges, and brass hooks may be screwed into the top corners of the rack, which can be used either for photos or letters and is in both cases useful and ornamental.

Coghlan's Goddaughter.  
"Manila Bay, May 1, 1898.—To My Dear little Goddaughter, Marie Coghlan Roberts." This inscription is engraved on a bit of shell used in Dewey's famous fight, and possessed by a tiny mite of girlhood in Philadelphia. When she was christened Captain Coghlan was on duty at the League Island navy yard, and very proud, indeed, of his little goddaughter. When the Raleigh reached Philadelphia on her return from Manila bay little Marie Roberts was the first to greet the gallant captain. Not every little lady can be so intimately related to the man whose versatility in war and peace has made him known the world over. "Petit Mademoiselle Marie" has not yet read the gallant captain's poetic effusion on "Me and God," but she will some day come to see that, although he did his duty manfully in the fight at Manila bay, it is chiefly for the poem he will live. Men will laugh to the end of time at the sting it gave the only kaiser.

## Wall Paper Paste.

A paste for wall paper is made by moistening some starch with cold water until of the consistency of cream. Then pour on boiling water and stir until quite smooth. Let it boil once, and just before removing it from the fire add a small quantity of powdered glue

General Wade Hampton, one of the few surviving Confederate Lieutenant generals, is living in good health at Columbia, S. C.

## Why Cushionet Turns and Cushionet Ease Welts Exceed All Others.

The uppers are protected, and these Shoes hold their shape better on account of the heavy square close or extension edge-soles. The felt cushion, being a non-conductor of heat or cold, Cushionet Turns are constructed on hygienic principles. While the felt does not come in direct contact with the feet in these Shoes they are cooler in summer and warmer in winter because the heat or cold of the pavements does not penetrate this cushion. Because of their great success many attempts are now being made to imitate them. We advise every lady to see these Shoes. They are made over the latest style lasts, and we carry all sizes and widths.

## MOST DELIGHTFUL EVENT OF SEASON

GERMAN GIVEN BY SINNISS.  
IPPIGOLF CLUB.

Occurred at the Club House at the Buckleton Links Last Evening—Veranda and Dance Hall Present an Animated Appearance—District Attorney and Mrs. Jackson Lead.

One of the prettiest and most delightful social events that has been held in Janesville for some time was the German given by the members of the Sinness Golf Club at the Buckleton links last evening. At eight o'clock the carryalls which had been provided for the accommodation of the club members and their invited guests, began transferring the participants from the street cars to the club house, and by 9 o'clock the broad veranda and tastefully decorated dance hall presented a most animated appearance.

Those who were to take part in the German were in full dress, while those who watched the pretty scene and danced before and after the principal event were attired in the more conventional outing suits. The German was composed of fourteen different figures, all most novel and faultlessly executed. The majority of them were of course with special reference to the game of golf and furnished considerable amusement. One of the most laughable of the figures was executed near the last and consisted of a large flag suspended from the ceiling at one end of the hall, behind which were ranged the ladies of the cotillion. The men were of a number which was one in excess of that of the ladies, and were each provided with a golf stick to which was attached a string of ribbon. At a given signal they moved up and fished over the top of the flag for a partner. When the bustling was removed the fortunate ones waltzed away with their catches, while the extra young man was obliged to make the rounds with a tin advertising figure of a shoe house which had been placed among the "real things." The favors were both unique and appropriate and consisted mainly of miniature golf sticks, caddy bags, "tees," etc.

The hall was prettily decorated with masses of delicate asparagus sprays and cut flowers and reflected great credit upon the ability of Mr. and Mrs. H. L. Pulker, who did the work. They also had charge of the other arrangements and it is mainly due to their untiring efforts that the affair was a success. Mrs. H. G. Carter presided over the table containing the favors for the men while Mrs. Stanley B. Smith distributed the favors to the ladies. Mrs. Joseph P. Baker presided at the frappe table with Misses Grace Valentine and Mabel Greenman as her assistants and provided liquid refreshments to the dancers. Smith's orchestra in full dress furnished their usual "excellent" quality of music for the occasion and were the recipients of many words of praise.

After the dance, occurred the drawing of two prizes donated by Mrs. Geo. M. McKee. Edward Peterson drew the gentleman's prize, a silver match safe and the ladies' prize a silver clasp, fell to Miss Kieffhauber, of Dayton, Ohio.

The German was led by Mr. and Mrs. William A. Jackson, who directed the difficult figures in a most able manner. The others were:

Messrs. and Mesdames—  
W. A. Jackson, Edwin Fifield.  
H. L. Pulker, Misses—  
Agnes Shumway, Jennie Baker,  
Grace Bonnell, Alice Shearer,  
Macie Vankine, Emma Rees,  
Racine Bostwick, Katharine Smith,  
Harriet Bostwick, Marion Jackson,  
Alice Ruger, Lucile Hudman,  
Bessie Wilcox, Harriet Saenger, Fremont, Ill.  
Gertrude Kieffhauber, Dayton, Ohio.

Messrs. and Mesdames—  
Edward Norcross, Harry McNamara,  
Chester Brewer, Frank McNamara,  
Fred Jeffries, H. Ross King,  
Albert Schaller, Edward Peterson,  
R. M. Bostwick, Howard Ruger,  
R. H. Johnson, Whitewater.  
Sam Ehlin, Mark Bostwick,  
E. V. Whitten, Jr., W. S. Fifield,  
J. S. Bowdoin.

Among others who enjoyed the event were:

Messrs. and Mesdames—  
F. B. Echlin, Wilson F. Lane,  
C. B. Bostwick, Edwin Carpenter,  
C. A. Schaller, Chas. E. Fifield,  
Chas. Schaller, O. E. Brand,  
J. P. Baker, C. G. MacLean,  
M. O. Mout, Dr. W. H. Judd,  
H. V. Allen, Play Norcross,  
H. G. Carter, Kram Murdock,  
Fred H. Howe, A. P. Burnham,  
C. A. Sanborn, Geo. E. King.

Messrs. and Mesdames—  
T. O. Howe, Charles Stanton, Baraboo,

Olives. Radishes. Pickles.  
Roast Duckling. Apple Sauce. Lettuce Salad.  
Macaroni au Gratin. Cauliflower. Cheese.  
Iced Rice Pudding. Coffee.

ROSE LEAF PRESERVES.—This is said to be the way to make rose leaf preserves, those confections which are served in Turkish harems: Take a jar of which the top and bottom are the same size (like a Dundee marmalade jar), and in the bottom sprinkle a layer of crystallized sugar. Over that place a layer of rose leaves, then alternate the sugar with the rose leaves until the jar is quite full. Be sure that the sugar is the top layer. Paste two thicknesses of paper over the top and put it away in a cold, dark place until the autumn. It is then fit to turn out and serve, and nothing can be more delightful to the eye and palate.

STEAMED CHICKEN.—Rub the inside of the chicken with pepper and a tablespoonful of salt, wrap it in a white cloth and steam for 1½ hours. For the gravy, take a pint of the liquor from the kettle, skim off the fat, add pepper and salt to taste and thicken with a little cornstarch. Add a little lemon juice and celery salt. Serve garnished with hard boiled eggs.

## BRIEF BITS OF LOCAL NEWS.

SCREEN doors at Lowell's.

SECOND hand furnace at Lowell's.

A NUMBER from this city are attending a picnic at Edgerton today.

WATERTOWN vs. JANESVILLE at Athletic park, Friday afternoon at 3:30 sharp.

BORN—Monday, to Mr. and Mrs. Leslie Parker of 361 Glen street, a girl. All well.

DR. HONGE will not occupy the pulpit in the Baptist church next Sabbath, but on August 20.

BIG bargains yet and goods are going fast at the bargains we are giving. F. S. Winslow.

WANTED at once, girl about 20 years of age. Must be a good penman. F. M. Marzluft & Co.

OUR local Y. M. C. A. team is practicing hard every day and is confident of Friday's game.

THE Evansville Agricultural association is planning for the largest fair ever held in this section of the state.

ONE hundred pieces of new fall dress goods displayed in our show window. See large ad. Bort, Bailey & Co.

New dress goods for fall wear are in at our store. Large ad. tells about them, another page. Bort, Bailey & Co.

OLD Dutch Java O. G. coffee has merit. It also has a price merit, a regular 35c grade, our price 25c lb. Sanborn.

BIG table filled full of underwear. Big sign only 35c for your choice at H. Hoffmaster & Sons' sale. F. S. Winslow.

THE base ball game Friday afternoon at Athletic park will be a contest, look to be remembered. No one should miss this exhibition.

J. G. DeLox will act as starter for the bicycle race tomorrow. The contestants will leave the Myers House corner at 1:30 sharp.

THE Watertown base ball team is one of the strongest amateur clubs in the state and a red hot game is assured all who enjoy the great national game.

A PARTY of about twenty ladies went up the river this afternoon on the steamer Columbia. They took their supper and will return this evening.

THE members of the Bass Creek base ball club feel quite jubilant over their defeat of the Snipe Hill team in a recent game, defeating them in a score of 21 to 14.

WANTED—100 men to work in saw mill and yards at Jeffries Wis. \$26 to \$30 per month and board. One-half fare on all railroads. Apply at No. 4 N. River street.

DELICIOUS Osage melons 5 to 10 cents each, and Little Gem melons 50 cents half bushel basket. We have them on ice, cold enough to eat as soon as they reach you. Sanborn.

BEAUTIFUL silk stripe plaids at 49c, worth 75c, and all wool plaids at 49c, worth 75c in a great variety of colors and combination. See large ad another page. Bort, Bailey & Co.

THE finest line of low priced Scotch plaids ever opened in the city have just been received. There are 40 pieces 36 inches wide at 25c per yard. See large ad on another page. Bort, Bailey & Co.

THE types of Beloit have banded together and formed a union, known as Typographical Union No. 352. Officers have been elected and a committee appointed to draft a constitution and by-laws.

WORD has been received that Judge and Mrs. B. F. Dunwiddie would leave Denver yesterday for a mountain trip of a few days. From there they go to Omaha, Neb., where they will visit for a time before returning home.

DON'T forget the A. O. U. W. picnic tomorrow. There will be games and contests of all kinds during the day and a grand ball and cake walk in the evening. Take the early boats and avoid the afternoon crowd.

Last evening the ladies of St. John's German Lutheran church served ice cream and cake on the church lawn. There was a liberal patronage. The grounds were handsomely illuminated for the occasion and the weather could not have been more favorable.

THE congregation of Trinity Lutheran church, Beloit, has been enjoying a picnic at Afton today. Rev. Anderson, of Madison, delivered an able address and Rev. Kvale, of Orfordville, spoke to the Sabbath school. The day is being immensely enjoyed.

## WOMAN DIES AT THE AGE OF 106 YEARS

LIVED ON A FARM ELEVEN  
MILES FROM EVANSVILLE.

Probably Was the Oldest Resident in Wisconsin—Farm Hand Who Robbed Employee Captured—Tramp Claims to Have Been a Classmate of Dewey—State News.

Neilsville, Wis., Aug. 2.—Margaret Garvin, probably the oldest person in the state, died at her home in the town of York, eleven miles north of this place, at the age of 106 years and seven months. She was born in Ireland in 1792. She leaves surviving her four sons and daughters, thirty grandchildren, forty-four great-grandchildren, and one great-great-grandchild.

Robbed His Employer.

Columbus, Wis., Aug. 2.—James Nelson, a farm hand in the employ of Sever Fossmark, a well-to-do farmer in the town of Leeds, this county, robbed his employer of \$39 in cash, a gold watch and a bicycle and started for Chicago. Monday. He was captured by City Marshal Blanchard just as he was about to take the train here, and confessed his guilt. He was taken to jail at Portage yesterday afternoon and will be held to the circuit court unless he concludes to plead guilty before County Judge Stroud and receive sentence.

W. H. Bennett Buys the State.

Madison, Wis., Aug. 2.—The State, a weekly paper published here, and commonly supposed to be the organ of the La Follette wing of the republican party, has passed into the hands of W. H. Bennett, of Mineral Point. Mr. Bennett has been the editor of The Mineral Point Tribune and leaves that paper for The State, which he will probably name The People's Tribune. R. M. Andrews and W. W. Powell, who have been editor and business manager respectively of The State, will begin the publication of a monthly paper, which will, it is expected, be called The Budget State, and which will be free silver democratic in its policy. Mr. Bennett says that The State will remain a republican paper but will be independent and the organ of no faction.

Tramp With a Record.

Racine, Wis., Aug. 2.—A tramp who was found drunk near Racine Junction, yesterday, said his name was John Burns, and that his age was 68, that he was graduated from the Annapolis academy with Admiral Dewey and Admiral Schley; that he was engineer of the flag-ship of Admiral Porter, during the war of the Rebellion; that he had been in Greenland and was engineer of the steamer that went to the pole after Greeley. He said that he crossed the ocean 407 times and was engineer of the City of Paris on her first trip. Drink and misfortune had brought him to his present condition. He had papers to prove that he was graduated from Annapolis. He was sent to Milwaukee.

Ralph Pomeroy's New Position.

Appleton, Wis., Aug. 2.—Ralph Pomeroy is to be city editor of The Crescent. For the past two years he has been business manager at the music hall at Buffalo, N. Y., and the press agent for the Columbia theater at St. Louis. He served in the Spanish war, being mustered out as corporal of Co. G, Second Wisconsin infantry. He is a son of Prof. Pomeroy, who left Lawrence university during the Civil war to enter the Union army.

Row With Fatal Results.

La Crosse, Wis., Aug. 2.—John Smerna, aged 18, of Prairie du Chien, is held here on the charge of causing the death of L. Bitterle, aged 76. During a fight with Bitterle's son, Smerna picked up a stone and hurled it at his antagonist. The stone struck the old man instead, who died from the injury.

Wisconsin Pensions Granted.

Washington, D. C., Aug. 2.—Original—William C. Hubbard, Oshkosh, \$8. Increase—William Stevens, Easton, \$12 to \$16. Reissue and Increase—Theodore H. Mann, Beloit, \$6 to \$8. Original Widows, etc.—Helen Norton, New Lisbon, \$8.

The Sporting Summer Man.

The golf jacket for this year is green, which many consider not altogether an improvement on the old scarlet jacket, which lent such a touch of color to the links. Golf knickers are made tighter at the knee and less baggy over the hips than formerly. Thick stockings of green tartan plaid are worn, and garters are no longer en vogue. Low shoes are better for outdoor sports than ordinary walking shoes.

A new fad in underwear is the knee length "pants." This abbreviated style is destined to "fill a long felt want" with wheel and golf devotees. The innovation bids fair to revolutionize the trade. Its advocates reason that there is relatively no more use for a "continuous performance" on the legs than on the arms in hot weather.

Bicycle hose this year is of the unobtrusive class. Fancy tops are still proper, but the colors and designs are quieter and neater.

All bicycle trousers are made with cuffs which button at the side, but these are now made of the same material as the body of the garment. Full suits of the same material are not worn by the makers of fashion, but light trousers with a fancy check or plaid are the thing, with a sack coat of solid dark color.

The stylish shoe is laced low, but not so extremely as before, the tops being above the ankles. The best dressed riders still wear caps and have them to match the trousers.—New York Herald.

No reason why you cannot have a hammock at the prices they are going at here. Sanborn.

## NEWS OF A PERSONAL NATURE

W. W. ENMONS is in Chicago.

A. E. BINGHAM went to Chicago this morning.

W. H. GREENMAN is home from his eastern trip.

J. C. CHADWICK, of Monroe, spent the day in the city.

Mrs. Louise Bowerman and children are in Milwaukee.

N. B. ROBINSON transacted business at Edgerton today.

ARLIE McGEE took an early train for the Windy City today.

Miss Emma Rowe left today for a visit with Edgerton friends.

FRANCY MURGER left today for an outing at Lauderdale Lake.

ENGINEER Chas. M. Warren is suffering with a sprained ankle.

Mrs. Sue Wilcox, of Chicago, is visiting friends and relatives in the city.

Mrs. H. E. Johnson went to Portage this morning for a visit with relatives.

Miss Marion Bearup, of Evanston, Ill., is the guest of relatives and friends.

Miss Lizzie Joyce will visit in Chicago for a few days. She left this morning.

Miss Nellie Pickard, of Minneapolis, is the guest of Mr. and Mrs. Frank Blodgett.

Miss Gertrude Salsmar, of Galesville, Ill., is the guest of Mr. and Mrs. Isaac Rosenblatt.

AGENT A. N. Gleason, of the Northwestern road, is transacting business in Chicago today.

Mrs. Pugsley and daughters, of Elgin, Ill., arrived in the city today to make their home here.

Miss Jennie Sutherland, of Albany, Wis., is visiting in the city, the guest of Mr. and Mrs. Andrew C. Pond.

MISS LILLIAN DECKER left last evening for Sioux City, Iowa, where she will visit relatives for a month.

Miss Margie Barker is spending a few days at the camp of W. B. Stoddard and family at Lake Koshkonong.

FRANK D. KIMBALL has improved to that extent that he is now able to take short evening strolls with the aid of a cane.

GEORGE BENJAMIN PRATT, head clerk in Brown Bros. shoe store, and Miss Elsie Pratt, are spending a few weeks at Mud Lake, North Dakota.

Miss Bessie Wilcox, of this city, and Miss Gertrude Kieffhauber, her guest, of Dayton, Ohio, came over from the Harris camp at Delavan Lake, to attend the golf party.

Miss Helen C. Nash left today for Chicago, where she will visit for a few days. From there she will go to New York City for a three months' visit with Miss Ruth Smith.

COME in and see our underwear for ladies' men and children. F. S. Winslow.

Sleep.

Some doctors believe that a man has just so many hours to be awake, and that the more of them he uses up in a day the shorter his life will be. A man might live to be 200 if he could sleep most of the time. The proper way to economize time, therefore, is to sleep when there is nothing better to do.

Scientific Fallacies.

Old Lady—These are scientific notes in the papers nowadays just make me tired. Never heard such nonsense in my born days. Nephew—What have you struck now, auntie? Old Lady—This paper says Jupiter is in opposition to the sun. The idea! Ole Jupiter can't hold a candle to him!

Succeeded Into Loyalty.

"Ah!" said the tourist who was visiting the enterprising South American republic, "so you are the insurgents, I presume?" "No, sir," replied the commander; "we are insurgents last week. We are the administration now."

Tin work, all kinds. Lowell.

ONLY A FEW LEFT.

guarantee every garment I make in very way.

## GOLF PLAY FOR THE RICHARDSON TROPHY

TO BEGIN AT ONCE ON THE  
BUCKLETON LINKS.

A Handicap Event in Order That Beginners May Be Given a Fair Chance Against Old Players—Conditions Favorable to the Less Experienced.—Details of Contest.

A play for the Richardson trophy will begin at once on Buckleton Links. This is to be a handicap event so that beginners are given a fair chance against the older players. President Richardson's idea was to give everybody in the club a fair chance for the prize.

Each contestant must turn in a score for 36 holes at medal play on or before August 10. Cards for scoring these rounds may be secured by the secretary J. P. Baker. No less than eighteen consecutive holes may be scored at a time—that is, players cannot select four single rounds of nine holes in order to make an especially good score.

After the medal play scores are in the handicap allowances will be deducted and the sixteen players having the best scores will qualify for the match play that follows. After each round the losers will drop out until the field is reduced to two players when the finals will be brought off.

The conditions are extremely favorable to the less experienced players as it has passed into a proverb that "The scratch man never wins in golf."

## ANSWERS TO AN INFORMATION

Isadore Cohen Pleads Not Guilty—Case Adjourned to Aug. 22.

Isadore Cohen, charged with defrauding an insurance company, was up in the municipal court today to answer to an information which was filed for the state by District Attorney W. A. Jackson. Cohen pleaded not guilty. The case was adjourned by consent to Tuesday, Aug. 22nd on account of the absence from the city of H. B. Washington, one of the witnesses for the state. Geo. G. Sutherland appeared for Cohen.

## REAMS TROUBLE ADJUSTED

Waukesha Official Learn That he Was the Injured Party.

The trouble brought on Fred Ream by his visit to Waukesha Sunday has in all probability been adjusted. The Waukesha officials made up their minds after what they learned in this city that Reams was the injured party and released him on his own recognizance.

Tomorrow is the great underwear sale at H. Hoffmaster & Son's store. F. S. Winslow.

Long Delayed Vengeance.

"James," the old man, said, feebly, "will you cut my hair? It's getting too long."

"At last!" exclaimed the patriarch's eldest son, under his breath.

And the haircut he gave his aged father was a job of masterly haggling that had within it the concentrated revenge of dozens of compulsory shearings inflicted by the paternal hand a third of a century before.

IT BEATS TIME

The Telephone

Big business enterprises are made possible by the fact that time and space can now be practically annihilated.

A telephone in the office or home, saves the one thing, which if lost, can never be regained, TIME.

WISCONSIN TELEPHONE CO.

People Who Don't Smoke

Tell you about how much money you could have saved had you put the tobacco and cigar money into houses and lots, yet how much property have these wise ones?

Wheeling Stogies

Will save money for you, however. You get three smokes for one, and good, clean, enjoyable, all Virginia tobacco at that—no scrap, no adulteration, no dope—nothing in them to harm you. That is the reason Wheeling Stogies are smoked by men who smoke continually. They give all the comfort of heavy cigars without the ill effects. **How the World Lives.**  
Of the entire human race it is estimated that 500,000,000 are well clothed—that is, they wear garments of some kind; 250,000,000 habitually go naked, and 700,000,000 only cover parts of their bodies. Five hundred millions live in houses, 700,000,000 in huts and caves, and 250,000,000 have virtually no shelter at all.
